

20,21 April 2021 via VooV Meeting

Download website: <https://voovmeeting.com/>

20 April 2021 UTC/GMT +1

8:30-9:00 Hong Fan (Zhejiang Univ) :*Novel silicone containing biobased epoxy resins structure control, preparation and application*

9:00-9:20 oral presentation

9:20-9:50 L. Bonnaud (Materia Nova):
Title

9:50-10:10 oral presentation

10:10-10:15 break

10:15-10:45 Min Lin (Zhejiang Univ):*Functional polymers for energy storage materials*

10:45-11:05 oral presentation

11:05-11:35 G. Lo Re (Chalmers Univ):
Title

11:35-11:55 oral presentation

21 April 2021 UTC/GMT +1

8:30-9:00 N. Manolova (Institute of Polymers-Bulgarian Academy of Sciences) :

9:00-9:20 oral presentation

9:20-9:50 Pingwei Liu (Zhejiang Univ): *Controlled Assembly of 2D Polymers into Complex Micro-Nano Structures*

9:50-10:10 oral presentation

10:10-10:15 break

10:15-10:45 To be defined

10:45-11:05 oral presentation

11:05-11:35 Haojie Yu (Zhejiang Univ): *Preparation of ferrocene-based metal organic frameworks and their applications*

11:35-11:55 oral presentation

This workshop is free and aims to strengthen the communication and cooperation between China and Europe research institutions. Please connect Rosica.MINCHEVA@umons.ac.be (Belgium) or jjeyuanzheng@zju.edu.cn (China) to register by sending your name, first name, company/ group/ university and contact address. The link to each session will then be sent back
